Corona Virus Update

Dear CEDS Family,

Within a week's time we have all experienced many changes and updates involving the current situation with COVID-19. We truly understand all of your concerns and we appreciate all of the suggestions that we have received over the past few days. Due to the overwhelming amount of venue restrictions, government bans in effect for group gatherings, closing of schools, universities, festivals and sporting events ***Creative Expressions Dance Studio has made the decision to close the studio on Saturday, March 14 Until Further Notice.*** During this time, our studio will be going through a thorough deep cleaning /sterilization of the entire facility. **It is our plan to reopen after the Government Stay Home Order is lifted**; however, we recognize this situation is ever evolving by the minute and at this time we do not have all the answers for future scheduled events.

It has always been our number one priority to keep all of our dancers, their families and our staff safe. As the news continues to circulate about the Coronavirus (COVID-19) we want to assure you that we are paying close attention to any updates from the CDC and the World Health Organization and we are monitoring the climate within our local community. When we reopen the studio, we've asked all of our CEDS staff to strictly adhere to the following protocol:

- Have all students wash their hands before / after class and use sanitizer (parents please notify us if your dancer is allergic to any specific type of hand sanitizer)
- Minimize student contact as much as possible
- Send students to wash their hands if they are seen touching their face, sneezing or coughing into their hands
- Disinfect all surfaces throughout the studio on a daily basis with Clorox Disinfecting Wipes, Lysol, and Diluted Bleach.

These are all on the EPA's Registered Antimicrobial Products for use against COVID-19 Parents, we need your help with the following: Please keep your dancer at home if she/he isn't feeling well and notify the studio as soon as possible. Stress the importance of hand washing, as well as keeping their hands out of their faces and mouths, to your dancer. Instead of waiting for your dancer inside the studio, consider sitting in your car or running an errand while your dancer is in class. Please know that we are here to answer any of your questions and concerns related to the current situation. And, we truly appreciate everyone's continued patience, understanding, and support as we move through this experience together.

Sincerely,

CEDS Administration
